

Become an SMMGP member - make a difference!

www.smmgp.org.uk

SMMGP is an established, formal membership organisation for those who work in the **Primary Care** based treatment of people who use alcohol and drugs and for users of those services. It is as important as ever that Primary Care has an organised voice within the sector, and membership helps us to hear your opinions, consult with you more easily and represent your views.

The benefits of membership include:

- Receiving Network either by post or email; as well as regular clinical and policy updates
- Having open access to the SMMGP website and discussion forums
- Being consulted on matters concerning the treatment field and having your views fed back nationally
- Consultation on the services SMMGP should provide
- Invitation to conferences and training events
- Being part of the voice for the primary care substance misuse treatment field. The more people that join, the stronger the voice.

All you need to do to become a member is complete the form below and return it to us!
