

Become an SMMGP member - make a difference!

SMMGP is a national membership organisation for those who have an interest in **primary care** based treatment of people who use alcohol and drugs. It is important that primary care has an organised voice within the sector. Membership helps us to hear your opinions, consult with you more easily and represent your views.

Membership is **free**. Just complete the form and return it to us. Membership benefits include:

- Receiving *Network* either by post or email; as well as regular clinical and policy updates
- Having open access to the SMMGP website and discussion forums
- Being consulted on matters concerning the treatment field and having your views represented
- Consultation on the services SMMGP should provide to the field
- Invitation to membership events
- The more people that join, the stronger the voice of primary care practitioners in the substance misuse treatment field – this is more important now than ever before!

SMMGP membership form

Name	<input type="text"/>
Organisation	<input type="text"/>
Job Title	<input type="text"/>
Address	<input type="text"/>
	Postcode
	Is this your work or home address?
E-mail	<input type="text"/>
