

# SMMGP 4th National Conference

New Partners – Next Week?

9th October 2009, Barnsley

Gordon Gibbons  
Shared Care GP and Primary Care Advisor  
To Barnsley DAT

# NEW PARTNERS NEXT WEEK

Or: Who should we be talking to, about whom, to improve our patients' health and well-being?

- **Communication**
- **Understanding**
- **Sharing**
- **Common goals**
- **Co-ordinated working**
- **Integration**

# The Past?

- Female IVDU, mid-twenties, no fixed abode
- DVT, femoral abscess, underweight, pneumonia

# The Past?

- Female IVDU, mid-twenties, no fixed abode
- DVT, femoral abscess, underweight, pneumonia
  
- Unable to obtain iv access. Not to have central line for fear of misuse by patient
- IM antibiotics and subcutaneous heparin
  
- Took own discharge after 36 hours

Not so long ago in primary care

Not so long ago in primary care
